DW 35710 D 52 / 29.3.52

Sir, MAR 1952

Sub:-Education - Industrial - Rayalaseema Polytechnic, Bellary- electrification of new buildings.

Ref:-G.O.Ms.No.2903 Dev: dated 31-5-48 put up for another file and sent to Fin
2) G.O.Ms.No.744 Dev: dated 25-2-50. pp 9-10 (V)

- - - - - - - -

pp 9-16 (V) In the G.O. 2nd referred to above Government accorded revised administrative approval for the construction of a building over the existing plinth of the Rayalaseema Polytechnic, Bellary at an estimated cost of Rs.3.63 lakhs. This estimate includes a provision of Rs.35,500/- for electric, sanitary and water fittings for the above building the construction of which has since been completed.

The Electrical Engineer (General) on request by this Department has furnished a detailed estimate for Rs.12,340/- (Rupees twelve thousand three hundred and forty only) for electrification and this amount includes a centage of 14% for execution of this work by that department.

I submit that the Rayalaseema Polytechnic at Bellary provides training of diploma and certificate standards in electrical engineering and wiring courses and is competent to undertake the electrification work. Further this work would also provide an opportunity to the students to gain extensive practical training besides being completed expeditiously. I therefore request that Government will be pleased to accord permission to have the work of electrification executed by the Polytechnic.

M

V. Venkatasivarao Rao
for Director of Industries
and Commerce.
